4413 Dolphin Gray

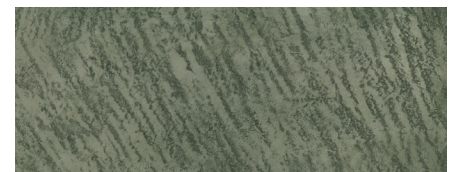

503 Adobe

2101 Toffee

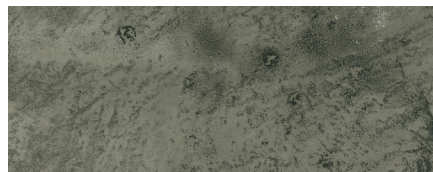

2102 Copper Kettle

4501 Slate Green

2601 Redwood Tile

431 Bright Gray

3305 Dodge City Tan

This chart represents a random series of Miracote “base” pigments sold as Miracote ColorPax LIP that are field blended with the sold product Mirastain and which are then applied at variable rates onto random Miracote finishes.

The examples in the Color Chart reference the ColorPax LIP number and color name and represent one ColorPax LIP after it is mixed at a ratio of one ColorPax LIP to 5 gallons of mixed Mirastain applied over Miracote MPC which is tooled and textured to further enhance variegation.
